The NJ Department of Health and Senior Services has revised the administrative code (NJAC 8:57-4) to reflect immunizations before entry into any organized school environment. This requirement took effect on September 1, 2008.

Please contact your child's health provider. Return this form completed and signed by your child's physician.

Thank you for assisting us in the completion of this important immunization documentation.

If your child is not yet age eligible (age 11), you must submit a doctor's note with a future appointment date. Please remember to supply this completed form to the school nurse's office on/after your child's scheduled appointment.
